

PUBLIC-PRIVATE BANKING PARTNERSHIPS

Accra - Ghana

01 - Jun 2026 - 05 - Jun 2026

\$5,500

GENTEX[®]
TRAINING CENTER

Introduction

Public-private banking partnerships play a crucial role in modern financial systems. These partnerships foster collaboration between government institutions and private banking entities to achieve economic growth, financial inclusion, and infrastructure development. Understanding the dynamics of such partnerships is essential for professionals navigating the complexities of both sectors.

The Public-Private Banking Partnerships training course, provided by Gentex Training Center, is designed to equip participants with a deep understanding of how these partnerships function, their benefits, and the challenges they present. Over five days, attendees will explore key financial mechanisms, regulatory frameworks, risk management strategies, and case studies demonstrating successful collaborations between public and private banking institutions.

Public-Private Banking Partnerships Course Objectives

- Develop a thorough understanding of the principles, frameworks, and objectives of public-private banking partnerships.
- Learn about the financial instruments and risk management strategies used in these partnerships.
- Understand the regulatory and legal frameworks that govern public-private financial collaborations.
- Explore case studies of successful and unsuccessful partnerships to identify best practices.
- Gain insights into the role of government policies, international organizations, and financial institutions in shaping these partnerships.
- Identify challenges and practical solutions for implementing sustainable banking collaborations.
- Strengthen their decision-making and negotiation skills to enhance financial cooperation between the public and private sectors.

Course Methodology

This course will utilize a mix of lectures, interactive discussions, case studies, and real-world scenarios. Participants will engage in group activities and exercises to reinforce their learning. The methodology ensures practical insights and actionable knowledge applicable to real-life banking partnerships.

Who Should Take This Course

- Banking professionals and financial analysts
- Government officials and policymakers
- Investment managers and corporate finance professionals
- Risk management specialists
- Legal advisors and compliance officers
