

FIDIC 2017 CONTRACT MANAGEMENT & ADMINISTRATION

Kuala Lumpur - Malaysia
19 - Jan 2026 - 23 - Jan 2026
\$5,500

GENTEX[®]
TRAINING CENTER

Introduction

Effective contract management is essential for the successful execution of construction and engineering projects. The FIDIC 2017 Contract Management & Administration course provides participants with in-depth knowledge of the key principles and practices of managing FIDIC contracts. Understanding these contracts is crucial for ensuring smooth project execution, minimizing disputes, and maximizing efficiency.

Gentex Training Center offers this comprehensive five-day training program to help professionals navigate FIDIC 2017 contracts with confidence. Through expert-led discussions and practical case studies, participants will gain valuable insights into contract administration, risk management, and dispute resolution under the FIDIC framework.

FIDIC 2017 Contract Management & Administration Course Objectives

- Develop a solid understanding of the FIDIC 2017 Red, Yellow, and Silver Books and their applications in real-world projects.
- Learn how to interpret contractual clauses and apply them to different contract situations.
- Understand the roles and responsibilities of key stakeholders, including employers, contractors, engineers, and subcontractors.
- Gain knowledge of risk management techniques to mitigate potential contractual disputes.
- Explore best practices for claims management, variations, and extensions of time.
- Understand the dispute resolution mechanisms provided under FIDIC contracts.
- Improve decision-making capabilities in contract administration and procurement.
- Learn practical strategies for ensuring compliance with FIDIC procedures.

Course Methodology

- Instructor-led sessions explaining key contract provisions.

LEARN BOLD. LEAD BEYOND

GENTEX Training Center LLC | Orlando - FL, USA
Info@gentextraining.com

- Case studies to illustrate contract administration challenges.
- Group discussions to encourage knowledge sharing and problem-solving.
- Hands-on exercises for practical application of contract management principles.

Who Should Take This Course

- Contract managers and administrators
- Project managers
- Engineers and consultants
- Legal professionals dealing with contracts
- Procurement and commercial managers
- Construction professionals and stakeholders

FIDIC 2017 Contract Management & Administration Course Outlines

Day 1: Introduction to FIDIC 2017 Contracts
